DIARY NOTESDD/S [REDACTED]

22 March 1960

25X1A2d2 1. John Tietjen reported that he had discussed the eighteen-month tour of duty suggestion for Project [REDACTED] with Communications and that they would be sending me a memorandum which would subscribe to this principle. (I have received it and have forwarded it to [REDACTED] for incorporation in our over-all reply to the Inspector General's survey on this Project.)

25X1A9a

2. I talked to Jim Garrison about his request to have [REDACTED] appointed as a grade GS-13 upon his retirement from the Army at the end of this year. Jim assured me that he was an outstanding man and that we would not make a mistake in bringing him on duty at that level.

3. Jim Garrison briefed me on our readiness for Project [REDACTED]. He feels that we are in excellent shape in this Project and can move with maximum speed once the green light is turned on. 25X1A2d2

4. Jim Garrison also advised me that at the present rate of usage we were going to be out of parachutes before long and that we might have to buy some more.

25X1A2d2 5. Dick Bissell telephoned me to say that he had examined the budgetary aspects of Project [REDACTED] and it appeared that we would have to go to the Bureau of the Budget to request a release of approximately \$1.3 million from the Reserve in order to support this Project for Fiscal Year 1961.

6. I reminded Jim Garrison that he owed me a study on the "proximity of various businesses to the new building." I intend to use this to satisfy myself and others that it will not be necessary to plan for concessions in the new building.

25X1A2d2 7. [REDACTED] telephoned me to say that inasmuch as the Management Staff would not finish its study of the Office of Logistics for another two or three months, ~~that~~ they would like to start their survey of the Office of Security and would be ready to begin on 1 April. I told him that Shef Edwards and I would like to talk with him and Lyman Kirkpatrick about the team that would be making this survey. They were perfectly agreeable to do this.

25X1A9a 8. I talked to [REDACTED] on two occasions about the Development Project Division's desire to use him in Project [REDACTED] and asked him to get together with DPD and the Office of Personnel to see if a satisfactory formula could be worked out.

25X1C4a 9. I checked with [REDACTED] who informed me that he had heard nothing more from the [REDACTED] about our housing problem [REDACTED]. We agreed that as soon as [REDACTED] 25X1A9a

NOTE: An extract of paragraph 5. was made on 30 March 1960 and forwarded to the Comptroller. (See DD/S 60-1314.)

25X1A9a

25X1C4a Bob Amory furnished me some more information about [REDACTED] who is going over this
25X1C4a summer, that we should use this as a specific case to try to break down the present [REDACTED]
[REDACTED] stand.

25X1A9a

25X1A9a 10. I conferred with [REDACTED] and Jim Garrison at various
times concern [REDACTED] [REDACTED] has been designated Chief of Support of
25X1A2d2 what used to be [REDACTED] will proceed to that location with a survey team on or about
25X1A9a 1 April. [REDACTED] has been designated Chief of Support for another Island in support of
25X1A9a this same Project. I have told [REDACTED] to proceed on the assumption that [REDACTED]
25X1A9a would relieve Al as soon as this Project were set up and running and Logistics were not such
a major part of it.

25X1A9a 11. [REDACTED] was in to advise me that he has decided not to make a career with
the Agency and would be leaving in five or six weeks. (See Memorandum for the Record
dated 24 March 1960.)

25X1A9a 12. I lunched with [REDACTED] who again expressed his admiration for the Support
people serving in the EE Division. He then stated that he would very much like to have some
25X1A9a of these people in the NE Division when he takes it over this summer. He is particularly
25X1A9a anxious to have [REDACTED] and I think that he would also like to have [REDACTED], al-
though he did not make a very strong plea for Bob. I told him that I thought there was a good
chance that I could work this out for him and would make every effort to do so.

25X1A9a 13. While having lunch with [REDACTED] he talked to me about the necessity for
higher pay for Division Chiefs in the Clandestine Services. He said that on his grade GS-17
salary (now grade GS-18) he was able to do absolutely nothing in the way of representation
and felt that a Division Chief should be able to belong to a club of some kind where he could
take people for lunch and that he should also be able to give one or two small dinner parties
each month. He also stated that of the personnel attending such parties, 30% would be
foreigners, 30% would be Agency personnel and the remaining 40% would be from the Depart-
ments of State and Defense. I pointed out to him that the Director could not do very much in
the way of raising salaries so long as the Deputy Directors' salaries were fixed by statute
at \$20,500. There might, however, be some merit in exploiting the possibility of having
allowances to enable Division Chiefs who cannot afford this kind of representation to do so.

25X1A9a 14. I talked to [REDACTED] about the possibility of his attending the Advanced
Management Course at Harvard next February. He is very anxious to do this and I agreed
to speak to Shef Edwards about it.
